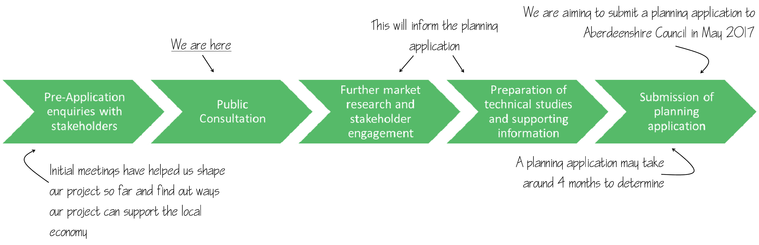
NEXT STEPS

Thank you for taking the time to view our exhibition, we hope you have found the information useful.

The vision for Mains of Luther farm by the Robertson family presents a unique opportunity to promote the rural sector in South Aberdeenshire and provide a high-quality facility for both visitors and residents.



We are aiming to submit our planning application for Planning Permission in Principle in May this year, which can take around four months for Aberdeenshire Council to process.

We would appreciate if you would complete a comments form provided, leaving your ideas and thoughts on the proposals. We will aim to accommodate your feedback wherever possible in the preparation of our planning application.

Feedback received at this public consultation event will be used to inform the development proposal and Planning Application that will be submitted to Aberdeenshire Council for consideration.

Please note comments made at this stage are not representations to the Planning Authority in respect of a Planning Application. On submission of a Planning Application there will be an opportunity to make formal representations to the Planning Authority at that time.

THANK YOU

Your views are important.

Please fill in a form or speak with a member of the project team before you leave.

Comments can be emailed to planning@hfm.co.uk until 3rd April 2017.
